Takahiro went to work at the Hamamatsu the "Motor City" where Nai's business has a branch
It seems that after seeing Nai's plane a number of times Takahiro went to the airport to look at it

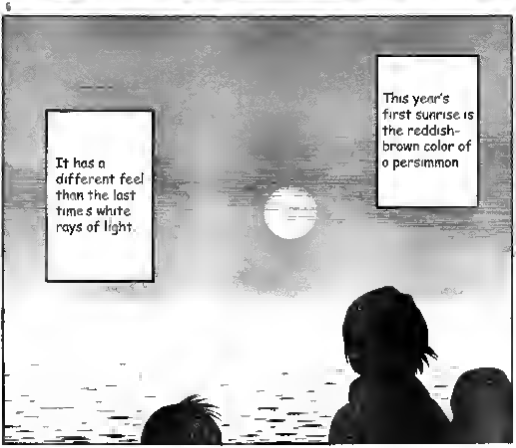
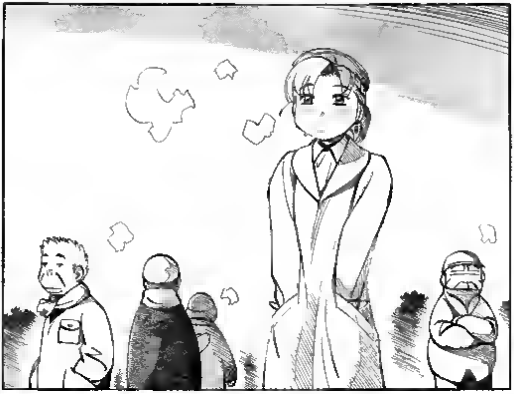
I haven't come since since the time I was with Takahiro.

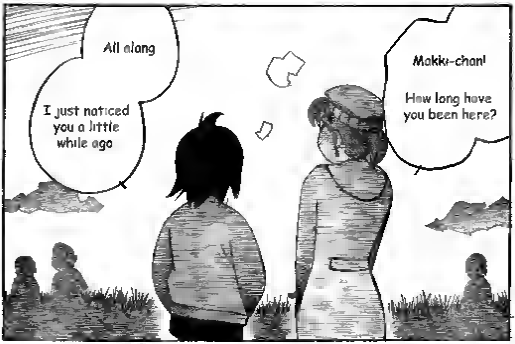


This year's first sunrise is the reddish-brown color of a persimmon
It has a different feel than the last time's white rays of light.



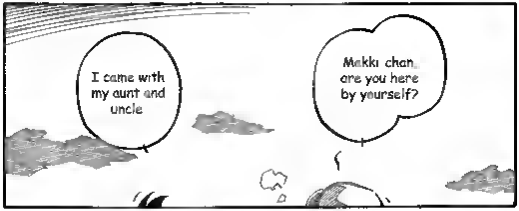
Alpha!

Oh, my!
Yo.



All along
I just noticed you a little while ago
Makki-chan!
How long have you been here?

Ah!
Happy new year
Happy new year



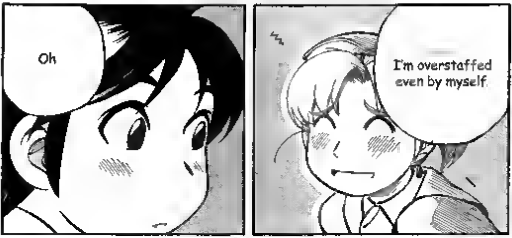
I came with my aunt and uncle
Makki chan, are you here by yourself?

Oh!
They left earlier...
I said I'd go back with you

It's going to be pretty cold in that skirt
I came on my bike
Okay
I hope you're ready for it

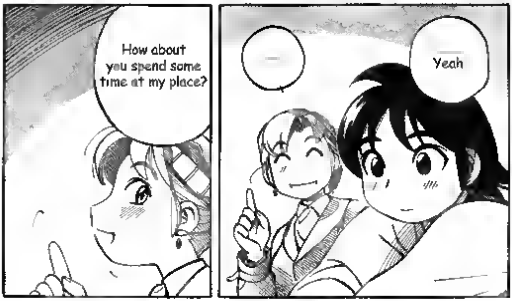
Thank you
Say what was in that letter? Takahiro's
Thanks for everything
The same! How he's doing and so on...
..... What about yours?
Un..... Stuff about the city where he is, his job....

Yes?
Say, Alpha
What? Shorthanded? My place?
Is your shop shorthanded?



Oh
I'm overstaffed even by myself

I guess...
Not enough allowance?
Yeah
What looking for a job?
Ah!
I just want to do something
Well. I guess "work" starts when you're around 15, but it still sounds good
That's good!



How about you spend some time at my place?
Yeah

Eh?
You'll hire me!?

Oh
I don't get anything either
Oh
"Hire"
I can't pay you

Well
It's not really a job but how about you come to my place?
It might be interesting
Okay

Whew....

It's tiring
You're
being careful

I know but...
You know...
If you turn the throttle just a bit more it'll run a lot smoother...
It's still just your first time on a public road
If I could I'd like to try riding it by myself...
Is that lesson really necessary?
Think of it as the "long range heavy luggage transport" lesson

Yes...
Sometimes...
Rarely...
You just want to have fun.
No I don't
Let's go that way!
It doesn't branch after here so it'll be easy
Okay...

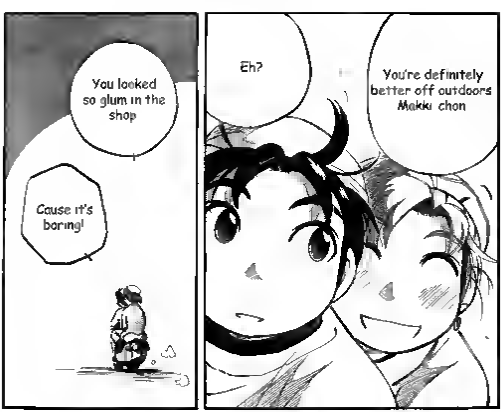
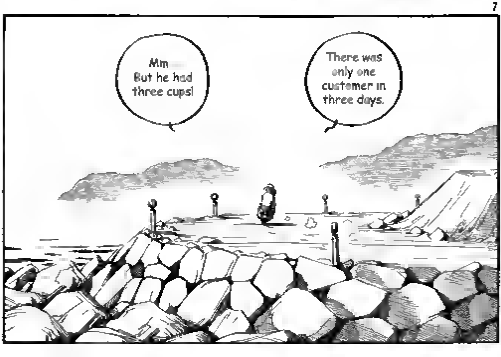
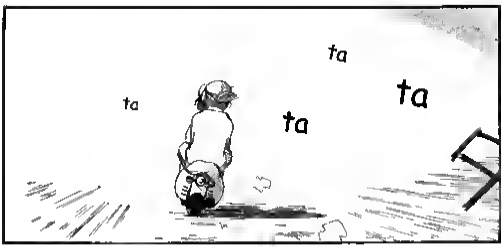
You're getting used to it.
Yeah
It feels good

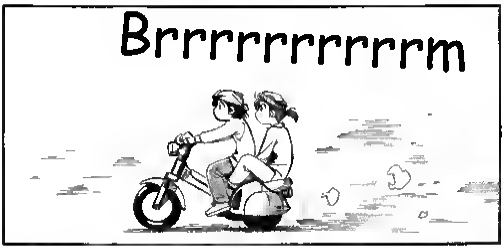


You looked so glum in the shop
Cause it's boring!
Eh?
You're definitely better off outdoors Makki chon



Mm But he had three cups!
There was only one customer in three days.

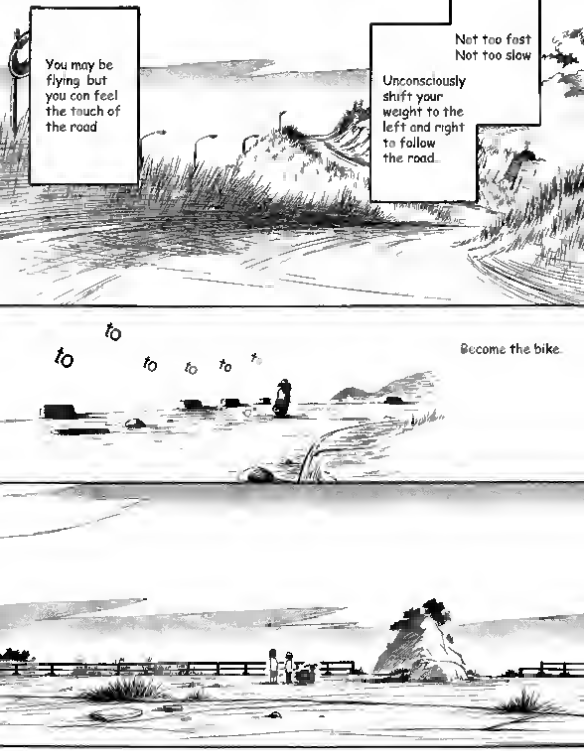




Bit by bit,
Makki-chan and
the scooter
blend together

Open the throttle
shift your weight from side to side
and drive as if you were flying

Find the right speed for the engine the wind the flow of the passing scenery
Forget the steering the throttle
Bit by bit the bike vanishes
Feel as if your body is flying thorugh the air one meter above the ground



You may be flying but you can feel the touch of the road
Not too fast
Not too slow
Unconsciously shift your weight to the left and right to follow the road.
to
to
to

Become the bike.

Alpha
Hm?
I'm going to buy a bike too
Oh!
You can borrow mine whenever you want, though

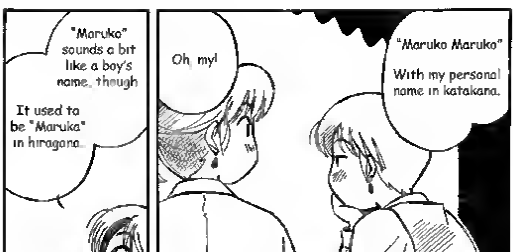
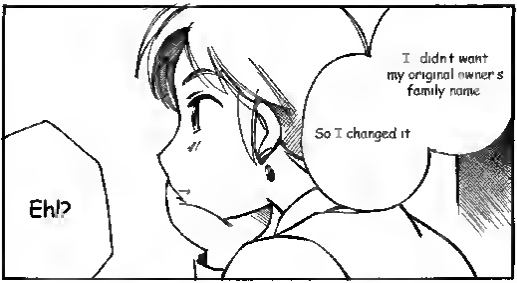
Hm?
Say Maruko
Ah!
"Maruko" is your family name isn't it?
I haven't heard your personal name
Eh?
Maruko



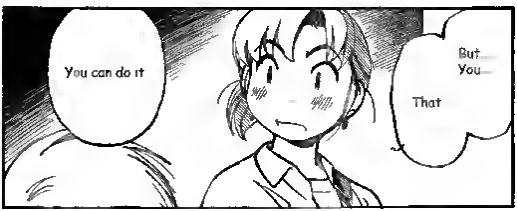
"Maruko" sounds a bit like a boy's name, though
It used to be "Maruka" in hiragana.
Oh, my!
"Maruko Maruko"
With my personal name in katakana.

I see
I liked the sound back then

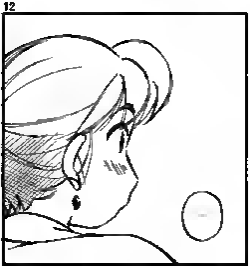
Eh?
That's why I made my family name "Maruko" as well



I didn't want my original owner's family name
So I changed it
Eh!?



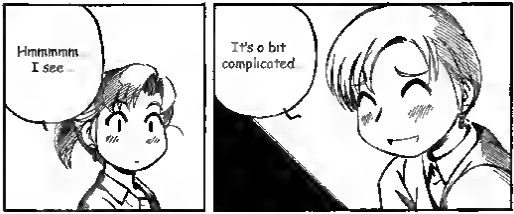
But... You...
That
You can do it



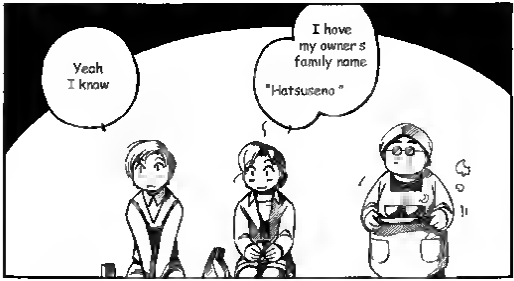
...

If you want to

You ..didn't like your owner?
Didn't like ..?
I guess I wanted to show my independence



Hmmmmm I see ..
It's a bit complicated



I have my owner's family name "Hatsuseno"

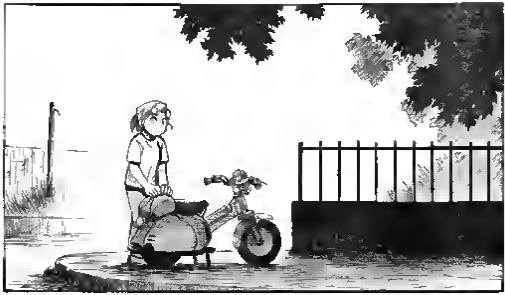
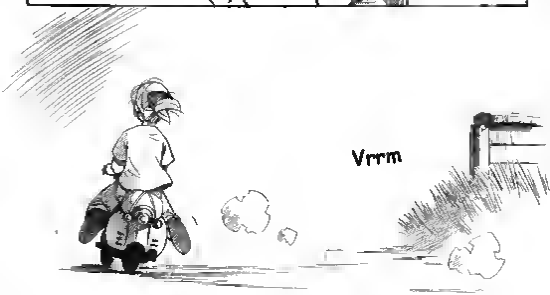
Kinugasa is the only town around here that you can really call a "town".



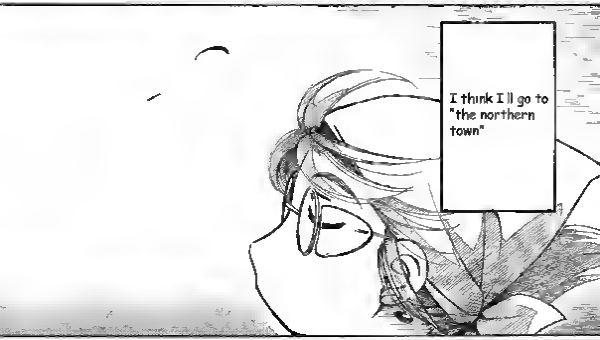


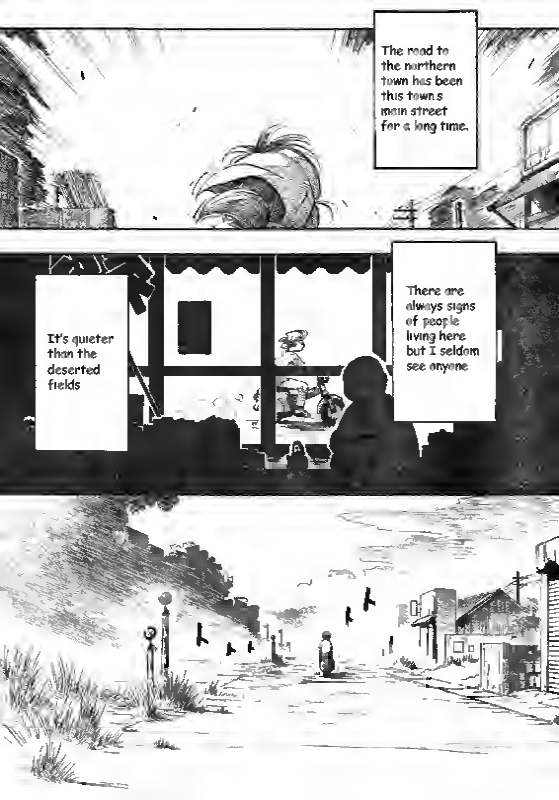
Vrrm

Lukewarm air.

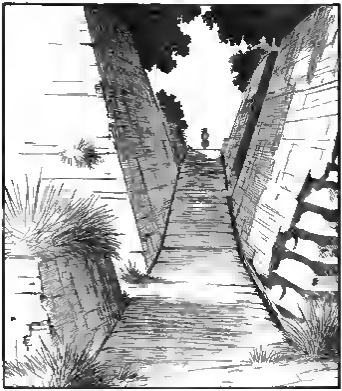
An evening the color of consommé filled with so many scents

I don't take the direct route home



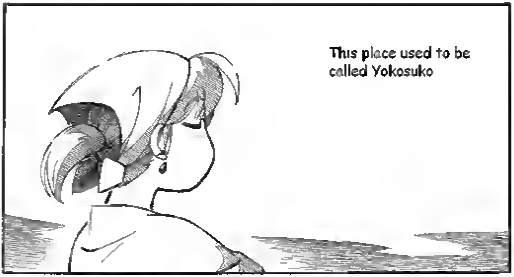


The road to the northern town has been this town's main street for a long time.
There are always signs of people living here but I seldom see anyone
It's quieter than the deserted fields



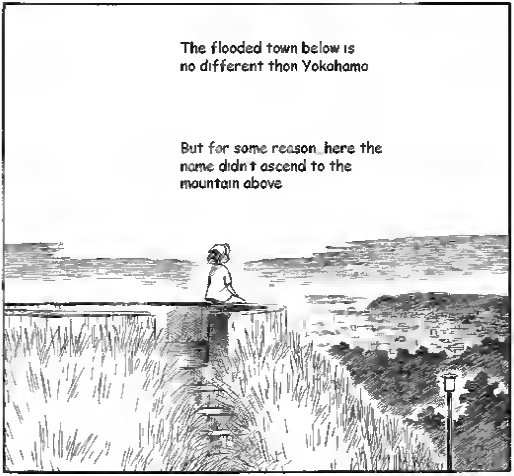
6

The northern town
I came here with Sensei once

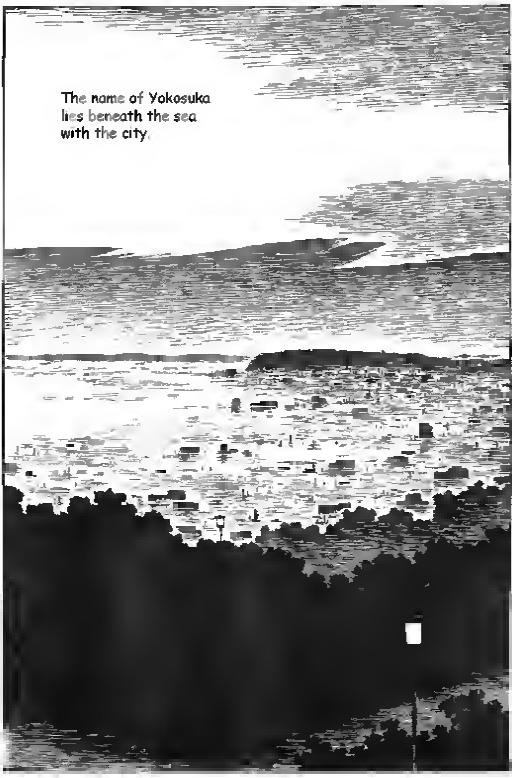


This place used to be called Yokosuko

8



The flooded town below is no different than Yokohama
But for some reason, here the name didn't ascend to the mountain above



The name of Yokosuka
lies beneath the sea
with the city.

From deep within

a voice arises
loud and long

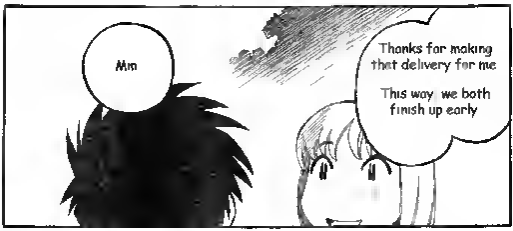
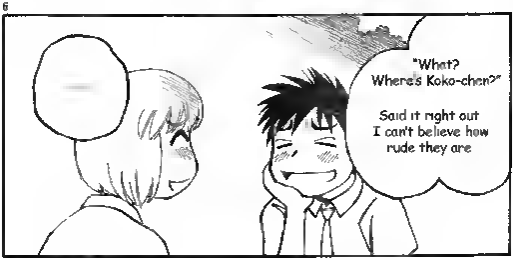
I thought I'd be the first one here
Okay!
I'll have that too



Mm
Thanks for making that delivery for me
This way we both finish up early

Ah, right
All single guys over there

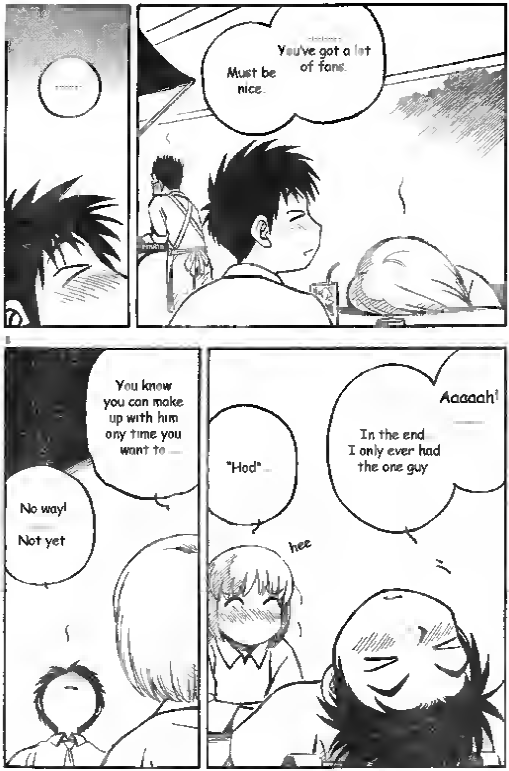
?
Mm
That factory I've gotta say



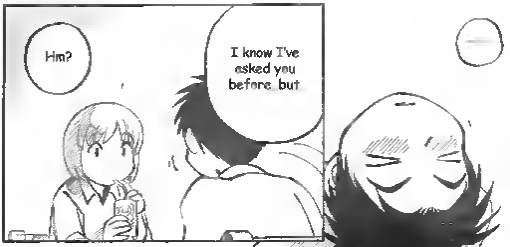
"What? Where's Koko-chan?"
Said it right out I can't believe how rude they are

They've all noticed you.....
They were asking me all kinds of things
Eh? But almost nobody ever talks to me at the Kamikita office.....

Eh? L...l...like what?
I just told them, "Ask her yourselves!"
Let's see...

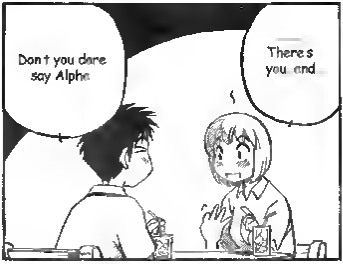


You've got a lot of fans.
Must be nice.
You know you can make up with him any time you want to.
No way! Not yet
"Hod"
In the end I only ever had the one guy
Aaaaah!
hee



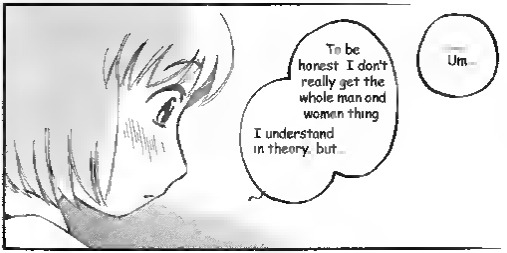
Hm?
I know I've asked you before, but

Isn't there y'know
Someone you like?

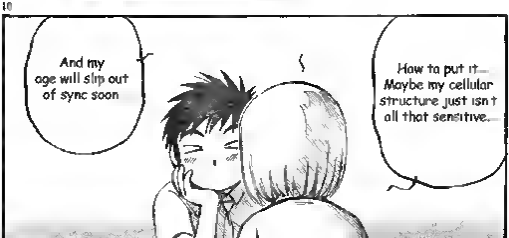


Don't you dare say Alpha
There's you, and...

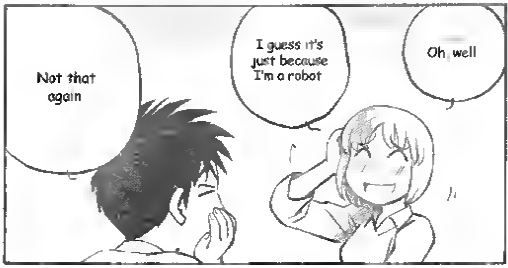
You must have noticed
You've always had a lot of guys with their eye on you



Um...
To be honest I don't really get the whole man and woman thing
I understand in theory, but...

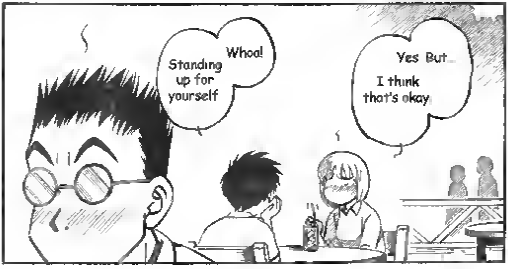


And my age will slip out of sync soon
How to put it... Maybe my cellular structure just isn't all that sensitive...



Not that again
I guess it's just because I'm a robot
Oh, well

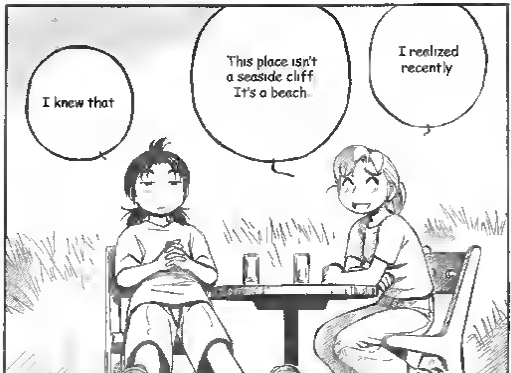
You always use your body as an excuse to wall yourself off
Especially around men
You always use that to run away



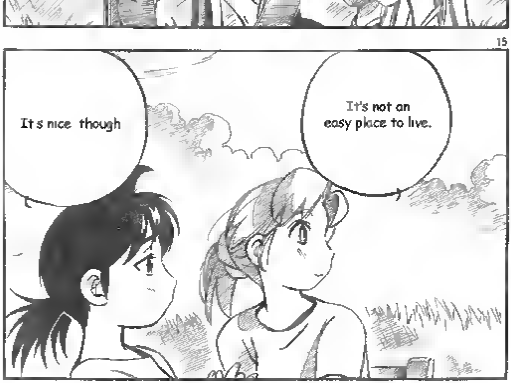
Whoa! Standing up for yourself
Yes But... I think that's okay

Stop it
I just want to see you getting all lovey-dovey with some guy
Oh well
12
It may be passive, but
I just want to better get to know the friends I already have
Right now I just

I like you Shiba chan.
That's boring.
No it isn't



I knew that
This place isn't a seaside cliff It's a beach
I realized recently



It's nice though
It's not an easy place to live.
